Frequently asked questions:

When and how is payment for the birthday party made?

Please note that payment will be made on the day of the birthday party at the end. If you have paid the 50% deposit in advance, we will settle the amounts on the day of the party.

Is a deposit required to make a reservation?

Not necessarily, if the total number of children including the birthday person is equal to or greater than 20, it is necessary to pay 50% of the total amount, or if you wish to pre-book extra snacks for adults and/or children, in these two cases you will have to make a pre-payment.

Can all children choose different menus?

We suggest that the menus are the same for everyone, in the end the choice is up to the birthday child, however you can always change a menu that some child may not like.

Regarding entry fees for adult and child guests:

Accompanying adults

Family/Friends can enter the park free of charge and have access to our facilities.

Food or drink is not allowed at the birthday party, only the cake.

» Children invited to the party (who appear on the guest list) » pay for the birthday package.

" Siblings of invited children who are not on the birthday package list pay €5.00 (from 4 - 10 years old) and €8.50 (from 11 - 17 years old) **for entrance only**. This amount does

not include; children's snacks, pony rides/ donkeys (maximum 30kg), pedal karts and tree climbing (minimum height 1.25 m).

Sending the list with names of the invited children:

You only need the name of each child invited, entry control is done at the ticket office, it is not necessary to send the name of the adults.

We also inform that all children who appear on the guest list and enter the park, pay the package price and have the activities and snacks mentioned and chosen above available, they can enjoy them or not as they wish, but once invited children are participating in the party the full birthday package is to be paid.

What is the better time for the birthday party?

If you want the children to be able to watch all the interactions in the morning as well as the presentation of the animals in the middle of the day and all the activities offered in the birthday package, I recommend booking the birthday in the morning. However, if you just want to have a snack and enjoy the activities offered in the birthday package, and the number of children is less than 15, you can book the birthday in the afternoon.

Timetable for animal interactions and presentations, note that the schedule timetable might differ depending on the month of the year:

**** Face Painting only on confirmed dates**
